### MOVIE: *Pariah*

Alike is 17 and never been kissed. A bright Brooklyn high school student, she dreams of being kissed by a girl. For years, she has accepted her lesbianism, it appears, but hasn't come out to her parents, her sister or really anyone except her gay friend Laura. Yet everybody sort of knows.

*Alike is played by Adepero Oduye, in a performance so natural and touching that she does what every director hopes for, she brings the character into being without the need of explanatory dialogue or obligatory set-up scenes.*

## March 16<sup>th</sup>

### SOCIAL: Irish – Saint Patrick Day
